

I am delighted to welcome you to our Crofton Academy website. I am very proud to introduce you to a school that continues to produce high standards of achievement and can pride itself on the outstanding results and behaviour of its pupils.

The Academy has a clear focus on attainment, providing all our pupils with a broad range of subjects and extra-curricular activities. We have excellent teaching and support staff who are committed to ensuring the continued success of the school and its pupils.

In 2013 we once again achieved an excellent set of examination results which reaffirms that Crofton Academy is consistently producing outstanding results year on year. Consequently the school is seen as one of the most successful locally as well as achieving national recognition for outstanding progress and attainment. I am proud to say that the year's Class of 2013 achieved 65% 5A*-C grades including Maths and English, and 87% 5A*-C grades.

The academic performance of our students is, I believe, a reflection of the ethos of the school which pupils parents/guardians and staff "buy into". Crofton Academy provides a family spirit in challenging each individual for the best, ensuring that everyone has the necessary care, support and guidance to enable their success. This strength was recognised by Ofsted who graded the standard of education we provide as **outstanding** when they inspected the school in November 2011. The five year journey at Crofton Academy allows for full personal development with the whole range of curriculum and extra-curricular opportunities in sports, the arts and world-wide visits.

So thank you for visiting our website, I hope that it will inspire you to come and visit us and witness the day to day workings of this very successful school.

**Mr J Horsley BSc(Hons), Med
Headteacher**
