

## CRICKET CALL UP

**Josh Shaw** (Y11) has been invited and accepted for the 2011 intake of the England Development Programme (EDP).

This is designed to help young players develop their ability to deliver excellent performances under the intense pressures created by playing for a Champions League T20 title, opening the bowling in the first Ashes Test match or coming in to bat at 70-5 in a World Cup semi-final. EDP's aim is to dominate U19 cricket and produce a constant stream of world class players for the England Performance Programme. We are very proud of Josh and look forward to seeing him play for England in the future!
